

BELLAIRE FFA

LIVESTOCK AUCTION

Welcome From Our Advisors

Wow. What a challenging year this has been. Each of us are currently battling the impact of the pandemic, while agriculture producers continue their commitment to feeding our country and world. The hardships created by this virus just adds to an already difficult year for Texas agriculture and our Bellaire FFA community. Through all of this, one thing has continued to stay strong, Career and Technology Education and the Agriculture Sector.

While we as educators teach students from all walks of life, social and ethnic backgrounds, what seems to shorten the gap amongst our ag students is not how close their desks are placed nor which part of the neighborhood they live. It's the subject matter we teach and the passion behind it. It's the want, drive and determination to learn in our student's faces and the pursuit of hunger to care for agriculture projects we see when schools are closed and the entire country is on lock-down. It's why famous radio broadcaster, Paul Harvey, made a syndicated speech about, "Why God Made a Farmer," in 1978 and the reason why the United States of America made the Department of Agriculture an "Essential Critical Infrastructure," in 2002.

Why? It's because agriculture brings people together and does not discriminate against race, gender, religion or nationality. Agriculture is critical in the lives of every person across the globe and makes economies thrive. If you don't agree, just sit back and think for a minute.... When was the first time you went to a petting zoo? Helped pick vegetables in a garden? Went fishing on a lake or pond? Heck... Many of us growing up in the greater Houston area can probably even recall the first time we visited the Houston Livestock Show (aka. Fat Stock Show) and Rodeo.

No matter what your first memory of "agriculture" may be, one thing for certain is the importance agriculture has in all of our lives. Our nation relies on our farmers and ranchers to always deliver safe and reliable products just as our students rely on our community to purchase livestock, goods and services. Although students were unable to exhibit their projects at this year's Bellaire FFA Livestock Show, all livestock have continued to be fed, watered, worked and cared for through these trying times. As teachers, FFA advisors and agriculturists, we could not be prouder of our FFA members and everyone for their continued encouragement and support of the agriculture industry and our students. We hope that you can find a lot within our sale that fits your budget or can add-on to a student's project. Any monetary value is greatly appreciated and will make a difference in the lives of our members. Thank you and may God bless you and your family.

Ms. Vanessa Brossman-Collier and Ms. Anne Hart

FFA President's Message

Welcome to the Annual Bellaire High School FFA Livestock Show and Auction. I am honored to serve as the Chapter President for 2019-2020 and proud to welcome you to our online auction. As most of you know, the Livestock Show and Auction is the pinnacle event each year for Bellaire FFA. Our exhibitors have worked hard day-in and day-out for many months to prepare and present their projects in hopes of producing a champion and make auction.

This year has been difficult for every member, family, alumni and supporter of our chapter. However, during this time of adversity and challenge, I am truly blessed to see so much generosity and compassion given to others in our city and around our world. It is this same compassion that has brought our families, friends, neighbors, teachers, administrators, businesses and community supporters together. It has taken everyone working together to make sure not only our members and families are taken care of but our livestock projects and facilities as well. All of the help and contributions from everyone during this year and throughout this epidemic has been unprecedented.

Although we were unable to show our projects this year, I hope that we can all take this time to slow down, be thankful for one another and express our gratitude to those in our lives that have helped still make this auction possible. From the bottom of my heart, thank you all so much for all that you do to support our Bellaire FFA members.

Ms. Miranda Chodzko

From the Alumni Association President

Welcome to the Annual Bellaire High School FFA Show and Sale. On behalf of the BHS FFA Alumni Association and all our BHS FFA Chapter members we extend our gratitude to everyone who believes in our students by supporting this program.

The Bellaire FFA Alumni Association is a group of parents who each year give of their time, talents, and treasures as we support and promote the Bellaire FFA Chapter and the Advisors in their activities and agricultural education. This year proved again that it truly “takes a village.”

It has been an honor and a privilege to serve as the 2019-2020 Alumni Association President along with our current board members. I hope through our commitment and actions chapter members will be encouraged to live by the FFA Motto:

Learning to Do, Doing to Learn, Earning to Live, Living to Serve

Mr. Chris Parrack

2019-2020 Bellaire FFA Alumni Officers

President –Chris Parrack
Vice President – Julie Lee
Secretary – Guadalupe Gonzalez-Chodsko
Treasurer – Austin Hooper
Co-Treasurer – Tricia Moore
Reporter – Theresa Bosley
Sergeant at Arms – Steven Barrier
Member at Large – Kim Lopez
Member at Large – Joe Stonecypher
Member at Large – Robert Begley

The Bellaire FFA Alumni Association is a chartered local affiliate of the
Texas FFA & National FFA Alumni Associations

What We Do:

Throughout the year, members of the Bellaire FFA Alumni hold various fundraisers to provide financial assistance to the Bellaire FFA Chapter. The money raised at these fundraisers is used in many ways to support the students. We provide funds to help students attend State and National FFA conventions and help defray the costs for our agriculture science teachers to accompany the students to these conventions and major livestock shows. Some of the funds are also used on facility maintenance, student scholarships and a large portion is used to support the Bellaire FFA Annual Livestock Show and Auction.

Bellaire, TX 77402-2311
Email: alumni.bellaireffa@yahoo.com

I believe in the future of agriculture, with a faith born not of words, but of deeds-achievements won by the present and past generations of agriculturists; in the promise of better days through better ways, even as the better things we now enjoy have come to us from the struggles of former years.

I believe that to live and work on a good farm, or to be engaged in other agriculture pursuits, is pleasant as well as challenging; for I know the joys and discomforts of agricultural life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of progressive agriculturists to serve our own and the public interest in producing and marketing the product of our toil.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so-for others, as well as myself; I less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that American agriculture can and will hold true to the best traditions of our national life and that I can exert an influence in my home and community, which will stand solid for my part in that inspiring task.

The creed was written by E. M. Tiffany, and adopted at the 3rd National Convention of the FFA.

It was revised at the 38th Convention and the 63rd Convention.

Meet Some of our Members

Hi! I'm Sofia Abello. My pigs name is Barbara, Barb for short. This is my first year participating in Bellaire FFA. This is also my first year in high school at Bellaire. Needless to say, it's been interesting and fun! I'm thankful for my amazing teachers who've been super supportive throughout this process. I am also thankful for my family and friends for all their help and encouragement. Thank you for attending our livestock auction no matter the change in format for this year. Here's to looking forward to next year!

Hi my name is Charles Barrier and this is my 6th year in Bellaire FFA. I am a junior this year and I have enjoyed this whole year up until the virus. This year I had a major steer going to the Houston Livestock Show and Rodeo named, "The Fresh Prince of Bellaire." For the Bellaire show I had a steer and a goat. Just like all FFA projects they find a good way to get on your last nerve but this year was a little different. Even though they did find a way it wasn't that often.

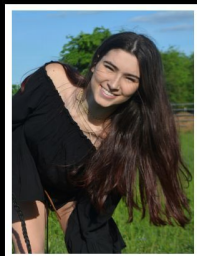

Hello everyone my name is Megan Begley. I am 14 and in the 8th grade. Yay! I am finally going to be in high school. This is my last year in the Jr. FFA program and I am looking forward to high school next year. Hopefully I will start in school and not online. I am showing a pig which I received showmanship with earlier this year and have my heifer Lucy which we were able to get bred. I want to thank and pray for all the medical people and the people working in stores and putting their lives in danger for the rest of us. Thank you Mom and Dad, Ms. Collier and Ms. Hart. I look forward to next year and learning from my ag teachers. Thank you everyone!

Hello I am Savannah Begley. I am 16 yrs old, a sophomore, Vice President for our FFA chapter and finishing my 4th yr in FFA. I won showmanship with my lamb at this year's prospect show and my heifer Athena just had her first calf, Leonidas (Leo). I want to thank the Alumni and my ag teachers for all they do for us. I also want to thank my parents for helping me and for allowing me to pursue my passions. I plan on using any money from the sale of my lamb "Cruella" and steer "Mufasa" for college and next year's projects.

Howdy all, I am Victoria (Tori) Begley. I am 12 years old and finishing my first year of middle school. This is my 3rd year in the Jr. FFA program and this year I raised chickens, my heifer "London" and her bull calf named "Ladies Man." Thank you for supporting us and I plan on using any money raised from the sale of this year's projects to purchase a steer for next year.

My name is Raquel Bosley. I'm currently a Junior and in my 4th year as a member of Bellaire FFA. Along with FFA, I'm an officer for the Bellaire eMotion Dance Company, photographer for Bellaire Yearbook and incoming Co-President for Booster Club 2020-2021. My lamb this year is named "Yang" and although she is my 4th lamb project to raise, like previous years, I continue to work hard, learn more about raising lambs and taking on more responsibilities. Thank you for taking the time to support all of us and for viewing my project.

Hi! My name is Curstin Brown, I am a sophomore, and this is my 4th year in Bellaire FFA. My pig's name is Hamlet because I love acting and theatre. This is my second pig, and I love raising them. Hamlet is a very spunky pig and loves mud and food. She is very shy, but once you get to know her, she is extremely nice.

My name is Miranda Chodzko and I'm a Junior at Bellaire H.S. and this year's Bellaire FFA President. This is my 5th year in FFA, my 2nd year raising a goat and I plan on attending Texas A&M after graduation. I want to thank everyone for everything you do and for supporting Bellaire FFA!

Hi, my name is Christa Coffman. This is my second year in Bellaire FFA and my first project. I've had so much fun and it's been hard work, but I want to do another animal next year.

My name is Jada Davis, I plan on attending Prairie view A&M for the fall of 2020 and will be majoring in pre-veterinary medicine. I have been in FFA for 2 years and I've learned a lot within these 2 years. I am our chapter's 1st Vice President and I am very thankful to work alongside such great people.

My name is Ellory Dickerson and I am a freshman at Bellaire. This is my first year in FFA, and I am raising a pig named "Esmerelda." Along with FFA, I am involved in teen theater at the JCC and Girl Scouts. I have really enjoyed being a part of FFA this year and learning about raising pigs.

Hi, my name is Quinn Evans. I'm a sophomore at Bellaire High School. This is my first year in FFA and I'm raising a pig named "Chalupa." It's been an interesting experience and lots of fun too! I really appreciate the support of my teachers, family, and fellow FFA members. I'm also grateful for everyone's participation and support in this year's livestock show and auction regardless of these strange circumstances. Thank you!

Hey y'all my name is Lydia Eaves and I'm a senior. I will be attending Texas A&M University in the fall where I plan to study Communications. This is my third year in FFA and my second year raising broilers. Thank you to all buyers for your continued support of Bellaire FFA

Hello, my name is Harrison Lee. This is my third year in FFA. I am a sophomore at Bellaire High School and raising a pig named "Patricia." In addition to FFA, I play trumpet in the Bellaire Band and club soccer. I enjoy FFA because I have learned new skills that I wouldn't have learned elsewhere.

Howdy! My name is Claire Lobo. This is my first year in FFA. I have two Hereford heifers named "Baby" and "Princess" which were given to me by my big brother. Both heifers are going to have calves in September and my little brother and I plan on showing them next year. I am eight years old, in the 3rd grade & home-schooled. I wasn't planning to show this year, but I'm making a quilt with my mom to sell to raise money to take care of our animals. I like getting to go to the barn every day, ride horses, do gymnastics and dance. I appreciate all of your support!

I'm Sofia Lundgren and a sophomore at Bellaire High School. I love animals! I currently have 4 cats, 1 dog, a Russian tortoise, and 5 bunnies. I love acting, art, softball, running and most of all hanging with my best friends. After graduation, I plan on pursuing a major in nursing at either the University of Colorado or University of South Carolina.

Hola! My name is Justice Maes. I am a senior at Bellaire High School. Going into high school I had to choose between softball or FFA. My first two years at Bellaire, I played varsity softball. Going into my junior year I decided to switch it up and join FFA. After being in FFA my first year I wish I would've joined sooner! My next chapter in life will be attending Wharton Jr College for nursing. I thank God and my family for being with me every step of the way. "With God All Things Are Possible" Matthew 19:26

My name is Dana Malin. I'm 15 years old and a freshman at Bellaire High School. I am involved in the FFA and Bellaire Belles Junior Varsity dance team. This is my first year in FFA and I'm super excited for the next 3 years!

My name is Ellarie Newman, I'm a freshman at Bellaire and this is my first year in FFA. I've wanted to be in FFA because I love animals and want to learn things that will be helpful to use at my family's ranch. I chose to raise bunnies since it's easier to take care of, they're cute and we already have chickens at our house. I've enjoyed raising the bunnies and watching their own little personalities emerge. My goal is to someday attend Texas A&M and major in forensic science so all sales of my livestock projects will go towards my college tuition.

Hello Everyone! My name is Scarlett Olivares and I am a junior at Bellaire HS. This is my 6th and final year in FFA and this year I raised a pig and chickens. After graduation I hope to attend Baylor University and become a Dermatologist. I enjoy playing sports, painting and playing guitar in my spare time. It's been a rough couple of years but I thank everyone that has supported my efforts, including my mom, siblings and especially my ag teachers!

Hello my name is Chris Parrack and I am a sophomore. This year I have decided to raise a steer for the 2020 Bellaire FFA Livestock Show and Auction. When I was in the 7th grade my older sister had 2 goats but because she couldn't show both of them at once, I showed one of them. After that experience, I wanted to give raising livestock a shot myself. This year was my first time raising a steer and although I wasn't able to show my animal, it was still a great experience.

Hello my name is Juliana Rivera and I am a Sophomore in Bellaire High School. This is my second year in the FFA program. I have raised a goat both years and I absolutely love it. This year my goat's name is Golden and he is such a sweetheart. I am very sad I have to let him go but there is always next year!

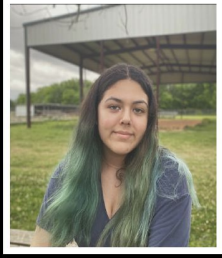

My name is Zoe Rocha, I am a junior at Bellaire high school . This is my first year in FFA, I'm currently raising a market hog and I've enjoyed every single moment of it! This has definitely been a great experience. I plan to continue FFA next year because it has brought me a lot of joy. FFA has shown me how to be responsible and how to utilize my time which will be very beneficial in my future .

Hi! My name is Brianna Ruiz. I am a junior at Bellaire High School and am involved in both FFA and The Bellaire Belles Dance Team. This is my third year in FFA and second year raising rabbits. On Belles I am currently a social officer.

My name is Natali Sanders and I am currently a sophomore. This is my first year in FFA and I will be showing a lamb. I am very pleased to be part of the Bellaire FFA chapter because it is a great extracurricular activity that I enjoy. I am also Captain of the JV cheer team at my school. I would love to be a part of FFA again next year and become a better role model as I come along. Being in FFA is an honor and it is such a great experience to help mold me into a great leader.

My name is Genesis Velasquez and I am a junior at Bellaire HS. This is my first year in FFA and I am raising broilers. FFA has taught me many valuable lessons that have guided me in my journey. I love animals and I enjoy learning about them. I can't wait to see what FFA holds for me next year!

My name is Rishi Venkateswaran and I am 15 years old. This is my third year in Bellaire FFA and my third year raising a pig. I play soccer and am also working on earning my Eagle Scout rank. I am a Sophomore at Bellaire and looking forward to my next two years of high school.

Good Luck
With your
Piggy Zoe!

We Love You  Scarlett

Home to over 400 rescued donkeys, mules, and horses, both wild and domestic. Our Texas Miracle Ranch is on a mission to change long held misconceptions about longears, and give them back their rightful place in the history books. We provide our equines with their veterinary needs, nutrition, and rehabilitation, as well as providing them with the love and compassion that some of them have never known. We love what we do, and are happy to share our world and our mission with you. Please make an appointment to come see us!

RIO ENERGY INTERNATIONAL, INC

Rio Energy, a privately held corporation, was established in 1980 in Houston, TX with the mission of providing supply and logistics solutions to its clients primarily throughout Latin America and the Caribbean.

Today, Rio is engaged in the domestic and international trade of crude oil, petrochemicals, refinery feedstocks, and refined petroleum products.

Our professional staff delivers experience and expertise in all aspects of credit, finance, operations, and derivative market risk management which has allowed Rio to develop a reputation as a trusted and reliable business partner.

We strive to provide creative solutions to complex problems to producers and consumers alike. Our focus is to be the primary choice among our business partners and to provide excellent service to all parties involved in the supply chain.

Our mission is to perform reliable service with transparency and the highest integrity.

Our Business

Our business activities are generally focused on the domestic and international trade of fuel oil, refined products, refinery feedstocks, crude oil, and petrochemicals.

+ Storage

Our diversified storage portfolio is strategically distributed in the ports of Houston, New Orleans, Mobile, and New York. We aggregate fuel oil, cutterstocks, and refinery feedstock components via ocean-going vessels, barges, trucks, and rail across the US from a variety of refiners and producers.

+ Crude

Our crude division is heavily engaged as first purchasers of domestically-produced crude oil. We transport petroleum products via truck, rail, and pipeline into trading hubs for both the domestic and international crude markets or directly to refiners for processing.

+ Custom Blending

Our expert operations staff is able to custom blend these components to match our customers' unique specifications and requirements. Combined with our extensive transportation network, we are capable of making carefully managed and timely delivery to virtually every part of the world.

+ Petrochemicals

Our petrochemicals staff is highly experienced in international petrochemical market. With a primary focus on benzene and styrene, we solve supply dislocations and provide consumers and producers with transparency and efficiency into the global trade of these products.

Our People

Our employees are our primary asset. Rio is fortunate to have assembled a team of dedicated, highly qualified people who endeavor to operate with the greatest integrity and at the highest caliber of professionalism.

While many of our employees began their careers with us, we have also recruited individuals from diverse professional backgrounds from a variety of industry experiences. We encourage and empower our employees to find unique and creative solutions for our customers and to continuously seek new market opportunities.

Finance & Credit

Our experienced finance team handles all relevant aspects for each transaction in order to meet the requirements of our trade partners. Rio's strong banking relationships and a credit facility backed by a diverse international syndication allows us to quickly and adequately adapt in today's fast-paced trading environment.

Throughout our many years as a trusted partner, Rio has established credit with virtually every major refiner, many domestic producers, and most of our trade counterparties. For a list of credit and banking references, please [contact our Finance and Credit Department](#).
