

Have Some Meat!

San Joaquin Ag Fest :

Starts June 12 2020 at 8:00 AM

Ends June 14 at 2020 9:00 PM

Hello! My name is **Mason Ehlers**, I am with **Lodi High FFA**. This is my 1st year of doing Market Rabbits. This is an Invitation to this year's Ag Fest which is going Online. The auctions **Start June 12, 2020 at 8:00 AM** at this website: www.stockshowauctions.com . You will have to go on the Ag Fest website (<https://sanjoaquinagfest.org/>) and sign up as a Buyer. Come check it out, maybe you will end up buying my Meat Rabbits!

Yummy Rabbit Meat? Yes, I've got **3 Rabbits** Up for Sale. It's low in calories and has a great amount of protein. This meat is good for your system and it will give you energy to keep you going. Throw some rabbit on a grill or BBQ and try something new and tasty.

I've learned alot this year about Rabbits, try not to get connected to them... Feeding them certain feed will make them grow a lot meatier. I've been feeding them **Timothy hay** and **Timothy based** pellets. When we first got them they were **tiny** and didn't look too meaty. Once we started feeding and caring, they got bigger every day. In my free time, I practice showing them and going through the motions. Hoping to pull someone in from the crowd and **Surprise them** with my Rabbits.

I've been raising the Rabbits for **45+ Days** and I've seen them grow. Since this is **My 1st year raising rabbits**, I'm hoping to go out with a **BANG!** Please visit www.stockshowauctions.com to place a Bid on the Rabbits for your backyard BBQ.
