Validation Tag or Show reference# 106

County El Paso

Animal Weight (in Pounds) 1309

Date of Reported Weight 07/15/2020

City Rush

Description

My name is Leah Anderson and this is my 9th year in 4-H and my 6th year in the market beef project. This year was a special year for the market beef project for many reasons. The first being that we had this virus going around and the last part of my senior year was not what I expected. During this time, I worked with my steer which allowed me to do well in showmanship. This allowed me to not be as worried during the showmanship class. The second reason is that I got to work in a different area of cattle. I got to show more of a club calf instead of what I was used to. The third and last reason is the fair was more about the kids this year instead of all of the other things. This year's fair was more fun because we did not have the stress of trying to get everything ready weeks before the fair and did not have to stay up there with all the noise in a camper.
