### **Description**

My name is Lora Bailey, I am a graduating senior majoring in animal science the fall, and this is my 9<sup>th</sup> and final year in 4-H. I am selling my Boer-cross goat, Bucky. I have loved working with Bucky since the end of January when he was born. His mother was my breeding doe from last year, who I bred with a high-quality buck. Bucky was a twin and the firstborn. He has done very well and I am proud to say that he and his brother were raised on my ranch. This is my ninth year in the market goat project and I am incredibly thankful for all I have learned from it. I have shown market beef for 2 years and between goats and cattle, I have developed a love for the animal sciences, hence my major in college. I also hope to further my education and become a large animal veterinarian. I would appreciate your bid or add on to the sale of my goat, Bucky.
