**Description**

Hello, my name is Madison Kragel and I have been in 4-h for three years and this is my second year in Market Chickens. I am doing 9 4-H projects, but unfortunately I had to drop out of one, Artistic Clothing, Show Birds, Market Chickens, Global Citizenship, Heritage Fiber Arts, Heritage Non-Fiber Arts, 22 Rifle (The project I had to drop out of), and Air Rifle. The first year I did 4-h I did Market Chickens I kind of enjoyed it so I decided to do it this year since I wasn't doing any other Market Animals.

When I had told my mom that I wanted to do Market Chickens I was expecting after all of my hard work I would be able to show it off in the arena while I heard the auctioneer saying whatever he says... but no, I was definitely not expecting all this social distancing, masks, stay at home/online stuff, etc. I am glad that I will be having my Market Chickens being bought in a bid-like way. I would really appreciate a bid or any Add-ons. Thank you.

Sincerely,

Madison Kragel
