### **Description**

My pig, Duke, is a hampshire cross. I picked him up from breeder about 6 months ago. He weighed about 60 pounds. This is my first year in 4H and Duke has been such a fun pig to have. We spend alot of time together and I have even taught him how to play hide-n-seek with me. He has gained weight steadily. We feed him a 16% protien pig feed. I'm really excited to show for my first time and i'm really glad Duke is my first pig to show and auction.
