### **Description**

I'm a 17 year old 4H-er who has been in the rabbit project for 4 years. This is my first year in market rabbit, and due to the RVHD2 virus (which has an extremely high fatality rate among rabbits) circulating the Colorado rabbit community, I am unable to physically sell my rabbits at this year's auction over concerns for animal safety and the safety of human consumption of rabbits with the virus. I'm hoping to still generate a little income from this project and continue with market rabbits next year, raising kits for buyers to buy and enjoy! My purpose behind this project is to learn about breeding and raising rabbits, as well as raise money for college which is quickly approaching as I enter my senior year of high school. Any support is greatly appreciated. Thank you!
