### **Description**

Hello! I would like to present to you my trio of broilers. These market Cornish Rock X have been raised by me. I received them the second week of May. I kept them all together for a time with a heat lamp on them. Once big enough, they got outside time! It is fun to handle 15 birds to carry them from one pen to outside. It makes me feel good that they are getting exercise (I put obstacles in their outside pen) and fresh air. To protect them from predators, I bring them inside at night. My trio of broilers received a bath before the show. Yes, I said a bath! Thank you for supporting 4-H!
