Description

Hi, my name is Chloe Wheeler, this is my 13th year in 4H. This year I will be selling a market goat and a market turkey. My Market turkey took Grand Champion because she has a very well developed breast and leg muscles. On a turkey you want the breast meat to continue past the end of the keel bone and fill out in the front. My turkey has developed this structure very well because she is very active and jumps on structures I have in the pen to help build a strong breast muscle. My poultry leader teases me and says I need to get my turkey a bra. She earned the right to be called Champion and will provide a great meal for your table. This is my second to last year in 4H. I started the journey looking for my college a couple years ago and I think I am set on K-State. In college I want to pursue an ROTC scholarship while studying Athletic Training. After I have finished college, I will graduate as an officer in the Army.
