### **Description**

Is your freezer empty? Have you been scouring the grocery store to find a quality ribeye? Well look no further. Let me introduce you to Leroy. He can provide you with that and much more. He is a 1397 pound Simmental and is looking for a new home. My name is Wyatt Crippen and I purchased Leroy in October weighing about 600 lbs. He has eaten high quality feed gaining an average of 3.4 pounds per day. Leroy enjoys beating the summer heat laying under the fans during the day and exercising to grow muscle in the evening. I am very proud of Leroy's progress over the last several months. He has a great personality and has been very easy to work with. As this is my first year showing market beef, I could not have asked for a better steer to start out with. I wanted to thank you for viewing my page and all of your support. Don't forget, BEEF... it's what's for Dinner.
