Description

2020 Callahan County Heifer Champion

Hi, my name is Andrew Carey. I am currently a Junior at Cross Plains ISD. I am very active in all school events. I am currently the school mascot, THUNDER. I work very hard on cheers and routines to support and encourage my fellow classmates and the students from the other schools. I have a fierce desire to support and encourage others in all aspects of life. God tells us to love everyone and I try to live that decree everyday. My show career started in pursuit of my Lone Star Degree. I started small with rabbits. I was then given the opportunity to show a heifer. This was when I met Winnie The Moo. Winnie is a Sim Solution heifer that I have had the privilege of showing the past two years. Winnie is a great show partner with an extremely laid back attitude. Everyone gets upset because she is not as easy going for them as with me. Winnie spends most of her days laying on top of the hay bed that she unrolls from her bale. She surveys her realm like the princess that she is (literally her registered name). This was the last show season for Me and Winnie. Winnie is bred now and will be the

launch of my show stock breeding program. I appreciate any support that can be given to help me in this new endeavor. Thanks for your time and consideration.
