County Pueblo

City Pueblo

Animal Weight (in Pounds) 54

Date of Reported Weight 07/11/2020

Description

Hello my name is morgan fisher. I am 15 years old and going to be a sophomore at pueblo county high school. This is my eighth year showing goats and being involved in 4-h. We raise our own show goats and have a business with fisher club goats. While raising our goats is a lot of work, it is also very beneficial when training them to show. Raising our own goats allows us to know everything about their genetics, what all they are fed, and also to be able to start training them at a much earlier age. Although this year has been crazy for sure, and i wish that we were able to show and sell in person. I am so grateful that we have the opportunity to have the online sale and at least get an idea of how our goats would have done. I would especially like to thank our buyers, for still supporting us and everything that 4h stands for even with all the struggles this year has brought. Thank you.
