Description

This is my spotted Yorkshire Rebecca. She was purchased from a breeder located in Southeastern Colorado. She has been a wonderful pig to raise. She was always very well tempered and loved to be petted. Taming her was a very easy process. She would always walk good and never put up a big fight in tough situations. We fed her on a strictly grain diet made up of corn, wheat, barley and oats. This specific diet has proved to be very good at producing high quality pork that is always flavorful and easy to cook. Raising this pig made my year very fun and full of work. I learned the importance of picking the correct breeder to obtain a pig that produces high quality meat.
