Description

Hello. My name is Blythe Brown. I am 17 years old and this is my 7th year in 4h. My two projects this year are meat poultry and cake decorating. I only get one more year in 4h. After being in 4h this long I can say without a doubt that 4h is awesome. It gives me a chance to work hard and earn some money. I can work on 4h books which are not all that fun, but it gives me a chance to have good book-keeping skills. I also really like how 4h greatly improved my public speaking ability. My chickens are Jumbo Cornish x Rocks. They are meat birds and about 8 weeks old. I keep them in a chicken coop and make sure to give them plenty of food and water daily. These chickens drink a lot of water and eat a lot of food. If you don't have food and water for them it will greatly reduce their weight and could be fatal. This year in 4h I got 4th place in market and 3rd in showmanship. I was very pleased with how this year turned out. Thank you so very much for supporting 4h.
