Description

My name is Matthew Fadenrecht and I am 9 years old. This is my 2nd year in 4H and 1st year doing the Market Swine project. I bought 2 pigs that were born in January. The pig that I am selling is called "Bits." Pigs are a lot of work! I fed and watered my swine every day... sometimes I even had to water them every hour since it was so hot outside. I would sit in their pen just so they got used to me. My pigs LOVED their water hole and would just lay in it all day long. When I would walk my pigs they had chunks of mud on their sides that didn't bother them at all. I learned a lot about caring for swine this year. They need a lot of protein in their feed! It is very important so they can gain weight. My pigs didn't like to eat when it was really hot so we would always make sure they had feed anytime they wanted during the day.

I am so happy we can still sell our projects so I can use the money towards next years project.
