Description

My name is Dawsen Kouba, and I am 12 years old. This is my third year doing the market beef project. My steer's name is Jack, and he weighed 1,259 pounds. He took 5th in his weight class. He is fluffy like a teddy bear, and shiny like a diamond. My family and I set up a shed with two fans and one swamp cooler. I put my sister's and my steer in the shed before the sun came out, and let them out when it got dark. After a few months it was time to show! The show was fun even though we had to do it virtually. I am grateful for the people who work for 4H and who found a way to do it virtually. There was a chance that there was no show at all. I kept my steer healthy by giving him fresh water everyday along with hay and grain according to his weight. Thank you for your support and enjoy your hamburgers!
