Description

This is my pig Cricket. Cricket is a barrow I got from Cramer Farm in Anselmo, Nebraska. He is a Hampshire and Yorkshire cross. Cricket likes to be away from the other pigs and stays out of the fights. He loves marshmallows! When it is time to get him back in the pen I shake the marshmallow bag and he climbs right in and gets a marshmallow. Cricket is very friendly and likes to be scratched behind his ears. On hot days he goes right for the mud puddles. I have learned so much about pigs and how to take care of them. Cricket has been fun to work with.
