Description

Meet my fine pig Boone. Boone is a gilt that I got from Cramer Farm in Anselmo, Nebraska. She is a Hampshire, Yorkshire cross. Her personalities are being quite aggressive towards sharing rooting spots and slop, running around when it is cool out, but HATES bath days. One thing I learned in 4H this year was that a pig's skin is quite similar to human skin and that's why her skin needs lots of attention and care. Boone can be stubborn when it's time to put her back up the ramp to her hog pen because she won't be back out until it's cool again. Other than that she is a great pig that I have really enjoyed caring for!

Hope your interested!!
