**County** Lake

**Animal Weight (in Pounds)** 1463

**Date of Reported Weight** 09/04/2020

**City** Upper Lake

### **Description**

My name is Ruby Wurm. I am a freshman at Upper Lake High School. I belong to Upper Lake 4-H where I have held both the president and vice president positions. This is my third year raising and showing steers. This year I have shown all over California with my heifer and 2 steers. This steer Dunes was a challenge but I learned so much from him. When I first got him he was stubborn and hard headed but luckily I didn't have a hard time with him gaining weight. He is a one of a kind with such a goofy personality. I'll never forget his first show. He was so nervous! He surprised me by pulling through and surprisingly left his goofy foot placing outside the ring! He taught me to remember that hard work always pays off. Thank you so much for considering me!

**Quantity:** 1300
