Description

Hello I am Quinn Murray with the Middletown 4h and I am doing two pens of meat rabbits this year, with 4h. I am 13 years old and I am going into 8th grade this year. I enjoy hiking around my house and searching for rocks and minerals. I also enjoy learning about science and I am currently in a robotics club. I am hoping to invest the money that I earn with the meat pens into raising a larger animal next year such as a lamb.
