**County** Montgomery

**City** Magnolia

**Description**

Hi my name is Zoe Williams,

I'm a senior at magnolia west high school and this steer was my final chance to show as I've done throughout high school. Through the unfortunate turn of events I was never able to show but it's been a wild ride as I've moved through 3 schools with him since June of 2019. Last year alone I placed 2nd with my swine project and was able to pay for my steer which I named "Honey".

Selling him will allow me to pay for my college tuition at Texas Tech , and I can't wait to see what the future holds, I plan on attending as a pre veterinary student and to continue showing if possible. I myself paid for him and continue to strength and condition him as much as possible he is a charolais mix who currently weighs in between 1200 ibs and 1300 ibs, and continues to grow and get stronger everyday. It's been an amazing journey.

i appreciate any and all help and appreciate all the support y'all give to students every year, making dreams come true!

(I am myself willing to sell terminal but can't afford to lose him for less than my remaining tuition)

-Sincerely and with love,

God bless, Zoe Williams
