**City** Lothian

**Animal Weight (in Pounds)** 279

**Date of Reported Weight** 09/18/2020

### **Description**

Hi, My name Savannah Beall. I am 12 years old. I am in 7th grade and attend Southern Middle School. I am in Harwood 4-H Club. This is my 3rd year raising market animals. This is my 2nd year showing pigs. I love being in 4-H because it helps people get food for their family. It also helps fill the stores with fresh meat for anyone who needs it. This year I purchased a market hog, named Athena. I am a Junior member in the Southern Maryland Agriculture Development Commission Program (SMADC). Our pigs are naturally raised and cared by myself and my family, on our farm. They are fed a 16% protein feed, and have cold water every day.

Athena is very friendly loves oreos and animal crackers. I named her Athena because I love greek gods and goddesses. She is a 7 month old Registered Hereford Gilt with a white face, red body, and a white belly with a small triangle on her side. She loves animal crackers and marshmallow fluff. She loves to run down the hill beside us when we are

walking down to the barn. She also likes to drink the water from the hose when we spray them on hot days.

I would like to use the money earned from my animals this year to purchase new animals and feed for next year.

I would like to Thank Ferguson Trenching and Giant Foods for purchasing my market lamb projects last year. And Ferguson Trenching Company for purchasing my market hog as well. Thank you for supporting me and my friends. We love to do 4-H and can't do it without you.

Thanks,  
Savannah Beall
