### **Description**

Hello, My name is Jacob Green. I am a senior at Old Mill HS and this is my 10th and probably final year in 4-H. Growing up in 4-H has been an amazing experience and has taught me so many life skills but mostly I will take away all the friendships I have made with people I may never have had the honor of meeting without 4-H.

Thank you for considering the purchase of my 2020 Market pig. As you already know this year has been unusual at best but I am so grateful that our 4-H leaders have found a way to support us and help us have a show and auction. Please consider "**Bidding**" on my market pig or hitting the "**Add On**" button to make a donation to support my future 4-H projects.

On April 11th, almost one month into quarantine, I headed to Dale Hough's Farm and picked up my gilt (female pig) Letty. She was so friendly from the start. Even at

only a few months old she was already a long, lean, Hampshire cross and I knew she would be a great pig. Letty and her sister Mia both love marshmallows and come to the fence as soon as I get there looking for treats. Our neighbor also has blessed us with fresh apples from her tree that they love as well. This year I am so grateful to have a market project. It gave me something to do during all these months. This is my Senior year and so far we have not returned to school. It's nice to have something to look forward to. Thank you for taking the time to check out my portfolio.

Thank you to my 2019 buyers HD Squared Architects and Mark Baer.

Special Thank you to all my amazing past buyers over my 4-H career. I couldn't have done it without you.
