Description

This is Luci, my Boer goat. Luci's birthday is 2/3/2020. Luci is one of my first market projects and this is my first year in 4H. When I first got Luci she was very shy, it took a few weeks of us working together until she was completely comfortable with me. Raising Luci, I learned a lot about how to care for a livestock project. I learned I need to feed her at the same time every day to keep her on a schedule and happy. I learned how to clip her, trim her feet, deworm her and make sure she's always healthy. Luci was a great learning experience for me in my first year of raising market goats.
