### **Description**

This is my pink york, Piggy. Piggy is a 5 months old female pig. I have been raising her as my first 4-H market project this year. I have learned a lot about the work and dedication it takes to raise a large animal like a pig. I learned a lot about the care of our pigs when we had to give them shots. It took 4 of us to do one pig and was hard to keep them still considering their size. I also exercised all the pigs when I fed and would end up covered in mud and sweat. This taught me that there's a lot more that goes into pig care than just feeding them every day.

**Quantity:** 263
