County San Benito County

City Hollister

Animal Weight (in Pounds) 268

Date of Reported Weight 09/16/2020

Description

My name is Maile Maddox. I am 13 years old. This is my 2nd year in swine project and my 3rd year as a member in Ausaymas 4H. My project this year is Henley, a crossbred barrow. He was bred and raised in San Benito County. Despite the challenges this year has presented us with, I am excited to be able to continue with my project. Any proceeds from the sale of my project is saved for college and some is used to purchase future projects.

Raising Henley for the past 4 months has taught me patience, companionship and responsibility. He love-love-loves baths, walks and food! My favorite things to do with him are to give him baths (because he loves them) and when I feed him I say, "circles, circles" and he circles all around me several times until I put his food down.

I appreciate everyone who has made it possible for my fellow 4H members and me to continue spending time with our animals. Thank you for taking the time to visit Henley and me.

Sincerely,

Maile Maddox
