Description

SOLD - Private Treaty!!!!

My name is Jett Long and this is my steer, Dozer, he weighs approximately 1340lb today 3/16/20. I spent nearly a year working with him to get him ready for the Houston Livestock show. I had other steers for different shows but we saved the best steer for Houston. I am trying to recoup a portion of the money I spent so I can get another steer soon and start this process over. I am active in my FFA chapter as a greenhand officer, I compete in the various activities and contest in FFA. I plan on studying agriculture in college. If I meet my reserve the buyer will get the steer for their use.
