Description

Meet my rabbits they are New Zeland Whites. This is my first time showing rabbits, so this is a new experience. I enjoy new experiences because it is a challenge and that is always where you learn the most. My rabbits came from a breeder in Stephenville,TX. I learned how each rabbit needed to be fed, watered, cleaned and fluffed each day. The most important thing I learned was how to calm them down. When you first pick your rabbits up they want to squirm away, but if you cover their eyes it calms them so you can hold them. I have enjoyed learning and caring about my rabbits.
