## Description

This was Kolbe's first year to show a heifer and had great success at jackpots and at the county show. He made the trip to the Houston Livestock Show but after sitting in line for many hours had to pack up and come home and was unable to show there this year due to the corona virus.

If you have ever been around show animals you will understand that these kids put in a lot of hours working with their animals. Also can be costly, this auction is setup to help with the cost of the trip to Houston and to help continue feeding and caring for the animals. Thank you in advance for anyone that is able to help these kids out.
