County Texas

City HENRIETTA

Date of Reported Weight 01/03/2021

Description

This is my medium-wool cross market lamb, Bronco. I received my lamb in September from a breeder in Stephenville, Texas, where at the time he weighed approximately 75 pounds and he currently weighs approximately 120 pounds. My lamb has taught me many lessons and responsibility that I can apply to my everyday life as well as to my future. This year's livestock project has been extremely special to me, and I hope to have a successful county show.

Quantity: 1
