Description

My name is Jacob Fletcher, I am a sophomore at Henrietta High School. This is my registered Angus breeding beef heifer named Baja. Baja was born in March 2019. She is my Fort Worth scramble project for this year. I will show her at the Clay County Stock Show and then she will go out to the pasture to be a momma cow. I have learned so much from this project about being accountable to a feeding time, keeping her pen clean and keeping an eye on her health.

Thank you so much for considering a donation to my heifer project.
