City Petrolia

Animal Weight (in Pounds) 157

Date of Reported Weight 01/06/2021

Description

Hi my name is Buster Houston and thanks to my brother Rowdy, I am able to show my pig Piglet thru the FFA as an elementary student. We got Piglet in Oct the week of our first good freeze. I had to check her water to make sure it didn't freeze. She did very well in the pen we made for her and has grown a lot. It was a lot of hard work, but I had fun raising a pig with my brother just like my Dad did when he was younger. Piglet is like big fat funny dog, but my Dad says she will taste better. LOL. This has taught me to share my time and keep a routine schedule. I really hope that I am able to show Piglet well and make the sale to reinvest the money for next year. I would like to thank Mr.Cox, my Mom and Dad for getting me a pig for my first show.

Quantity: 1
