**Hi, I'm Karen.**

It may sound cliché to say photography is my bliss, but it is. I feel most like myself when I'm behind the lens: creative juices flowing, in the zone, capturing magic as it unfolds before my eyes. I lose myself completely in the moment.

That feeling of total immersion is how I know I'm doing what I'm meant to do in life. Photography is my job, but it doesn't feel like work. It's a calling. A gift that I love to share with others. It brings me joy.

A lifetime is made up of moments. Big moments. Little moments. All the moments in between worth remembering forever. It is my honor to document those precious milestones so you can relax and enjoy them. My lifestyle-focused work commemorates the "imperfectly perfect" in every situation.

Real life. Real people. The brief twinkle in an instant before it's gone. That's my sweet spot.

I look forward to working with you!
