Description

Hi my name is Danielle Francis, I am 15 years old and a freshmen at Tracy High School. This year I am taking a market swine to the San Joaquin Ag Fest. This is my first year showing and I have learned so much already about how to care for a pig by cleaning, walking, and feeding. There is a lot that goes into keeping your pig in an healthy environment and preparing for showmanship. I have a Berkshire pig and he has an amazing stance and is definitely a chunky guy. I have always loved animals and was so excited this year I got the opportunity to have a animal of my own. While caring for my pig he has taught me responsibility and hard work. Not all of this process has been easy, while I have had fun, and had some good laughs especially when my pig bumped me into a poop hole or when he sonic runs away from me. I go every day to walk my pig and clean his pen. He gets washed every day to ensure he is healthy and happy. I strive to make sure my pig is comfortable and living his best piggy life. A little bit about is that I am apart of the Tracy FFA officer team as the reporter, I am apart of the cheer leading team while during all of this maintaining a 4.0 GPA. I balance good grades, being apart of FFA, being on the cheer team, and having my swine. I have loved this opportunity that i was given and up until my last moments with Timothy I will never let my drive and hard work die down.
