Animal Weight (in Pounds) 1112

City ESCALON

Description

Hi, my name is Preston Tenente. I am nine years old and this is my first year in part 4H. I enjoy 4h as well as soccer and basketball. This year I decided to raise a market steer. I have enjoyed 4h this year and super excited to show and sell my steer this year. I have had fun walking and practicing with my steer. This year I have learned about some of the different breeds of cattle and how they are classified. My steer this year is a Charolais Angus cross named Rex. He has grown to be a great steer. He came from our family's herd I can't wait to see how he will pace this year.

Quantity: 1112
