FFA Chapter or 4H Club Name Ripon 4H

Validation Tag or Show reference# 6690

County San Joaquin

City Stockton

Animal Weight (in Pounds) 141

Description

Hi, my name is Chloe Covello and this is my Hampshire cross lamb, Blitzen. I bought him on January 30, 2021, when he weighed 86 pounds. This is my fourth year showing market lambs in Ripon 4-H. This year, I have not shown my sheep in any shows outside of AgFest, but my sheep is very well built, strong boned, has a wide rack, and is very fit. I have very high expectations for this year, as it is my fourth year showing market sheep, and hope for this sheep to do very well in market. I also have a very high expectation for myself as last year I won 3rd Overall in Showmanship. I have made very many improvements, such as working and exercising my lambs every day of the week. I also have been taking care of my lamb very well and working with techniques that will be needed for the show ring. There have been a few unexpected things this year with 4-H, such as not showing breeding ewes, I have showed breeding ewes in the past, but it didn't work out this year. Being so close to the top of market and showmanship last year has

derived me to focus only on my market lamb in order to make him the best he can be. I have learned very much over the past few years during my time in 4-H, a few things that I learned is responsibility, flexibility, and perseverance. I believe that people who are in 4-H will learn as valuable as lessons as I have, and these lessons will stay with these people for their whole lives.

Quantity: 141
