Validation Tag or Show reference# 774

County San Joaquin

City Ripon

Animal Weight (in Pounds) 253

Date of Reported Weight 06/16/2021

Description

Hello! My name is Brooklyn Singh. I am twelve years old and this is my third year doing 4-H. I have had lots of fun doing 4-H the past three years. So far every year has been a different experience for me, I learn more every year. This year I have Finnegin or Finn for short! Finn is a crossbred barrow. Finn likes to take walks, run around the arena, and chew on anything he can find. He listens to me very well so I am excited to see how he does in showmanship. I have spent a lot of time working with him so we have a good relationship! I am very proud of him.

Since this is my third year in 4H I have learned how to measure and weigh Finn's food out every day so that he stays on track throughout the year and is as close as possible to the perfect weight by fair. Finn is a very slow eater so I have to stand with him and make sure he eats all of his food. Sometimes I have to bribe him

with a mini powdered donut (or 2!). On May 29th, Finn weighed in at 238 pounds. He is projected to be 274 pounds by fair. Finn has good shape and definition.

Please consider bidding on or purchasing my hog! Thank you!

Quantity: 253
