Validation Tag or Show reference# 595

County San Joaquin County

City Tracy

Animal Weight (in Pounds) 257

Date of Reported Weight 06/16/2021

Description

My name is Catherine Petersen, and I have recently graduated from West High School. I plan on attending Montana State University in the fall and majoring in Animal Science, with my ultimate plan to become a livestock veterinarian. One of my Supervised Agriculture Experience projects this year is raising a market hog to show and sell at San Joaquin AgFest this Summer. Some other FFA activities that I am involved in is the chapter officer team, where I serve as President, I compete on the Veterinary Science career development event team, the Job Interview leadership development event team, and this year I have submitted my agriscience project to the state contest.

This year, I am caring for a Hampshire barrow named Rasputin. Some daily responsibilities and chores that are required when taking care of my hog are walking for at least forty minutes a day, bathing to condition his skin, feeding, making sure he has fresh water, and ensuring his pen stays clean. My goal this year is to earn a profit off of the hard work I put into my hog and earn a high placing at San Joaquin AgFest.

Quantity: 257
