Description

Hi, my name is Madison Hagglund. I am a junior at Escalon High School, and this is my third year showing market goats. Showing for the past three years has taught me a lot about raising livestock, responsibility, and especially how to stay calm under stress. Overall, I have gained a lot from this year as well as my previous years showing! I hope that with your help I can not only have acquired these skills but a profit, as well.

Quantity: 92
