### **Description**

My name is Tyler and this is my 3rd year showing market swine. Every year I learn something new, and I have definitely learned that every hog is different! I have worked hard this year raising both my show pig, and a pig that will feed my family. I've cared for them the same, as I've learned how to humanely care and feed for my market animals. I walk them, weigh their feed, and keep an eye on their weight. I did most of the work building my own pen, and making adjustments every year. This year I even built my own feeder using a pipe cutter and a plasma cutter! I hope that you like my market pig and consider her if you are looking to buy. I am so excited to have a live show and auction this year, to really show off our talents!

Thank you!
