### **Description**

Hello, I am Hannah Wampler and am a freshman at Escalon High School. This is my second time raising a pig (first time showing) and overall, I have learned many helpful things. Some of main skills that I have acquired this year are time management, responsibility, and the ability to push myself to work on days that I am exhausted from school and other extra activities. With not knowing much, I was a little behind on training my pig but with some great help/advice and hard work, I was able to loosen up some of the stubbornness my pig just loves to give.

With the money I earn, I would like to save a portion for another pig and other supplies next year and also save some to place in a savings account that will come handy when I go to college.

**Quantity:** 257
