### **Description**

My name is Lillian Lombardo, I'm 14 and a Freshman soon to be Sophomore at Escalon High. I love AG science and I'm glad I got this opportunity to be able to show. Currently I'm showing a market swine named Technoblade. I've been taking care of Technoblade since February 6th and he's been such a fun project for me. Technoblade has shown me that I need patience and I need more responsibility, especially when dealing with animals. I plan to use the money I get to save up for college funds or whatever schooling I plan to do in the future. Techno was a great first project for me and I can't wait for next year when things are hopefully back to normal.

**Quantity:** 232
