**Animal Weight (in Pounds)** 120

**Date of Reported Weight** 05/25/2021

### **Description**

Hello, My name is Morgan Wunderlich.

I am a first-year member of the Linden FFA Chapter # 0131. I am an 8th grader at Waterloo Scholl in Linden. This is my first year showing an animal at AG. Fest.

I have chosen to raise a market lamb this year. I wanted something challenging my first year but not get in over my head. Raising Whiley I have learned what it takes to raise a quality animal that will produce flavorful meat. Whiley has been grain-fed with alfalfa for roughage his whole life.

Whiley is a spirited and fun to work with. It has been a fun experience raising Whiley and I am looking forward to this year's Ag Fest.

**Quantity:** 120
