Description

My name is Marline Rubio-Alcala. This is my first year showing a rabbit. It all started when my sister recommended me to take an Ag class. From that day on, I enjoyed learning about animals so, my teacher told me to show a rabbit. Now I have a Californian bunny that I named Cookie. I am excited to see how Cookie does at Ag Fest but a little sad I'm going to sell him. This has been a great experience and I am already looking forward to next year.
