**Validation Tag or Show reference#** 6872

**County** CA

**City** ESCALON

**Animal Weight (in Pounds)** 91

### **Description**

Hello, my name is Luke Gutierrez, and I am a member of Farmington 4H. I am in 5<sup>th</sup> grade this year. I am raising a goat as my 4H project, and his name is Dustin. This is my third year raising goats for 4H, and I still really like it. When I'm not working with my goat, I love playing outside. Someday I want to have a job where I can work outside and maybe even work with animals.

During the three years raising goats, I've learned a lot about goats and animals in general. One of the things I've learned is that what you put in must come out – that's right – the quality of feed you put into your animal – will be in the end product. I am feeding Dustin ShowRite (Glen Martin's Advancer) feed and plenty of clean water. I have learned about the muscles of my goat, how to watch for signs that he may be sick, and how important exercise and food are to him. I have also been practicing showmanship, how to clip goats (hair and hooves), and how to groom Dustin to look his best so that together we can make this year in the show ring great for both of us!

I am so excited to attend the San Joaquin County AgFest show this year with my goat, Dustin.

**Quantity:** 91
