County San Joaquin

City Escalon

Animal Weight (in Pounds) 86

Description

Hello,

My name is Peyton Stagno and I am a member of the Escalon 4-H club. I am 12 years old and I am a 6th grader at El Portal Middle School. I have a big family, I have four sisters and two brothers, I am the second youngest. I love all animals and am involved in many activities in addition to 4-H. I like to go to horseback riding lessons and to swim. This is my second year in 4-H and I am showing a goat. I showed a pig last year but I chose to show a goat this year because they are cute and I wanted to try something new!

My goats name is Buster, he is super friendly. I take care of Buster by feeding him, watering him, walking him, brushing him and giving him baths. He likes to escape from his pen and play with the pony in the pasture behind the barn. He is much easier to catch now then he used to be! I am a part

of 4-H because I love raising the animals and I want to earn money to put in my savings account for college. I started my savings account last year and I would really appreciate you bidding on Buster to help me keep it growing, my oldest sister always tells me how expensive college is.

This year at Ag Fest I got 3rd overall intermediate showman and Buster got 1st in his class! I had so much fun and am so proud of how we did.

Thank you for your time and happy bidding,
Peyton Stagno
