Validation Tag or Show reference# 6831

County San Joaquin

City Lathrop

Animal Weight (in Pounds) 70

Date of Reported Weight 06/14/2021

Description

Hello, my name is Emilee Barnes and I have been a part of FFA for three years now and I have shown a market goat every year! I am serving as my chapter's secretary this year, and I have been on the horse judging team for three years. This year, I have spent countless hours on my market goat Brodie who I have been showing throughout the year at jackpots and now at our county fair. He weighed in at 70 lbs and was put into the lightweight division. He placed first in his market class and went in to compete in the championship drive. I am hoping for any kind of contributions so I can continue to show more market goats and breeding bucks! Thank you so much for your time!

Quantity: 70
