Animal Weight (in Pounds) 275

Date of Reported Weight 06/16/2021

Description

Hi my name is makayla baker. This is my 3rd year of raising a swine for Manteca FFA. I am a junior this year. This year I did a York swine. I have been working really hard with my pig Juliet this year by making sure she gains enough weight. She weighs about 250 but when fair comes around she will weigh about 270. Also making sure she is getting walked enough. I also really looking forward to have a fair this year because last year we didn't get to. I have learned a lot this year. I have learned that girl pigs are more stubborn then boy pigs and I have also learned lots of time management. But this year has been very fun in many ways like learning how to work on showman ship a lot and just bonding with all the great people in FFA and also my pig. I really hope to see you at the fair!!

Quantity: 275
