Date of Reported Weight 06/16/2021

Description

About Me – MACIE

My name is Macie, and this is my first year doing 4H. My older brothers and sisters have been raising 4H pigs for a few years now, and I'm excited that I now get to join them. Although I think I lucked out, because this is the first year since we've poured concrete in our pig pens. It's been difficult trying to figure out how much to feed my pig. At first, she wasn't eating much, and then all of a sudden she started eating too much. Now, she eats no more than three pounds of food per day. The leaders say she should be good to go come fair!

About Clover

Clover is a cross breed, and I'm so excited to have her. Everyone tries to pick fancy, fun names, but really, I just wanted a name that reflected her as my 4H project, so I named her after the 4H clover. She is really funny and makes me laugh! When I let her out of her pen, she runs around like crazy!

Quantity: 251
