### **Description**

My name is Cody Li and I'm a senior at Merrill F. West High School. This year I decided to raise chickens since May 7th, 2021. During my time raising the chickens, I've fed, watered, and changed their litter. Money spent on this project was used for feed, shavings, and other items that had to be purchased for my chickens. This project taught me many skills such as time management, communication, and teamwork which can contribute to future careers and college readiness. This is my first year showing animals for AgFest so I am excited to participate this year. Any kind of support will be appreciated. Thank you.
